From invoice to food cost, automatically

How the automation works for a restaurant with six suppliers: the team photographs each delivery note, and the purchases sheet fills itself.

1 · WHAT THE TEAM SENDS

Alerts and monthly summary

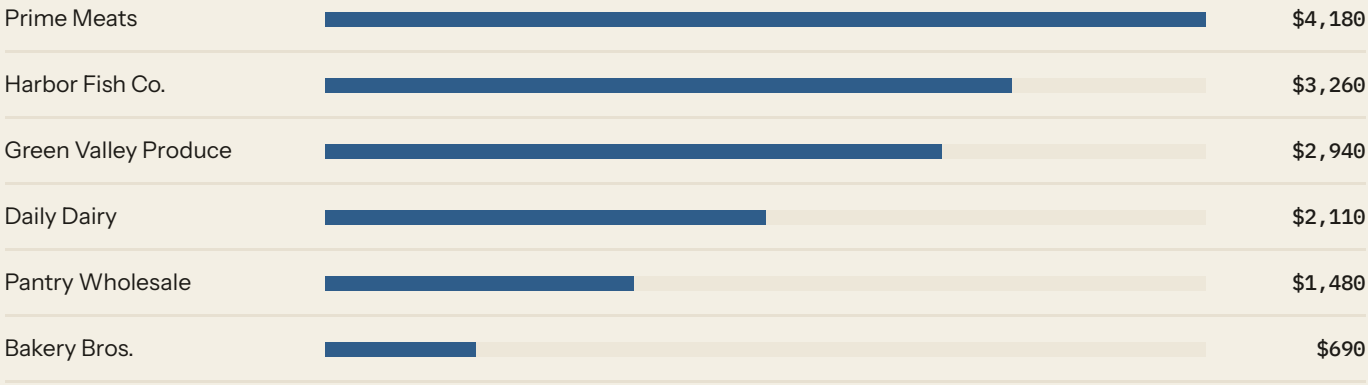

What the owner receives without opening a single invoice.

PRICE CHANGES VS. LAST INVOICE

ITEM	SUPPLIER	BEFORE	NOW	CHANGE	USED IN
Beef mince 20% fat	Prime Meats	$12.40	$14.80	+19%	Beef burger & fries
Salmon fillet, skin on	Harbor Fish Co.	$22.40	$23.60	+5%	Salmon & seasonal greens
Mixed mushrooms	Green Valley Produce	$12.00	$13.00	+8%	Mushroom risotto
Butter	Daily Dairy	$8.60	$8.20	-5%	6 dishes

Increases of 10% or more are emailed the same day. Linked to recipe costing, every affected dish recalculates.

SPEND BY SUPPLIER · NOVEMBER

YOUR SETUP

Runs in your own Google account — you own the sheet and the automation

Most supplier formats: photo, PDF or email

Unclear lines are flagged for a quick check, never guessed

COSTS AND SUPPORT

AI usage fees, if any, are usually small and paid directly by you — quoted before we start

Support after delivery: 7, 14 or 30 days depending on the package

Optional maintenance if your suppliers change formats
